

## **Action Items from August 23, 2005 Meeting**

### **Risk-Based Remediation Rule Workgroup**

#### **1. April 28 Changes to Guidance**

- Figure 7-1: revisit language contained in boxes in flow chart; also provide some clarification in the corresponding explanatory language on page 7-2 in section 7.5 (#2 and #3) (Vogt)
- Page 9-9: remove the word "toxicologist" so that all that is required is a person knowledgeable about adverse health effects of chemicals rather than a "toxicologist" (Vogt)
- Post changes on MRBCA website by August 25 (Vogt)
- Review and provide comments to Vogt in two weeks (Workgroup)
- Post memorandum on changes to all input parameters by September 7 (Salhotra and Vogt)

#### **2. Data Quality Management**

- Post three generic QAPPs for immediate use with MRBCA Technical Guidance (Warren)
- Create one generic QAPP for future use (Warren)
- Post the generic QAPP for review and comment by the Workgroup (Warren)

#### **3. Water Quality Standards**

- Post Water Quality PowerPoint presentation and August 23 hand-out on website (Hoke and Vogt)

#### **4. USEPA comments**

- Provide comments on "reasonableness" of  $1.8 \text{ c}^3/\text{hour}$  inhalation rate for construction workers and offer alternatives (Workgroup)
- Review remaining USEPA comments and MDNR responses (posted August 14) and provide comments (Workgroup)

#### **5. Risk-Based Remediation Rule**

- Create schedule for the completion of risk-based rule (Madras)

#### **6. City of St. Louis and Groundwater Policy**

- When posted, provide ordinance web link to MDNR for posting ((Mosanyi)
- Post web link on MRBCA site (Vogt)
- Completion of MOU and Fact Sheet (MDNR and City of St. Louis)

#### **7. Next Steps: Public Outreach**

- Provide ideas or contacts for public outreach to Vogt (Workgroup)
- Schedule a meeting between MDNR staff and interested Workgroup members (Kevin Perry, Diane Maijer, and Atul Salhotra volunteered) (Vogt)
